

Home Building Plastics Limited

3 locations – From Sage to Sharp-aX in 5 weeks

Russell Owen said *"We trust the Sharp-aX system"*

Our working relationship

Home Building Plastics and Sharp-aX Computers have formed a solid working relationship whereby the Home Building company is set to continue their growth plan in adding more locations around the country.

Russell said "What we love most about Sharp-aX is that we can call them at any time for instant assistance – they have no answer phone"

We have no hesitation if recommending Sharp-aX

Sharp-aX visits on a regular basis for system/networking maintenance, MS 365, data back up, Sophos AntiVirus and general safety checks.

Home Building History

Russell and Martin McGuinness met through football 30 years ago.

They continued a close relationship whilst working together in the building plastics industry until March 2009 when they set up their own company.

They now have 3 locations in Waltham Abbey, Sandy and Welwyn Garden City.

Russell and Martyn set out to provide the best customer service with top quality competitively priced products.

www.homebuildingplastics
